## LETTERS TO THE EDITOR

The **2010 Nationals** are to be held at Tamworth April 10th to 25th. They will incorporate, Reining, Cutting, Campdrafting and the usual AQHA National events. There is even talk that it will be called the "World Show - Downunder". This will be an event not to be missed by any Quarter Horse enthusiast.

### **Here are some rules from the AQHA Rule Book for you to read**

**49.17** In all performance classes, all horses shown under saddle are to be ridden astride.

**49.18** The fall of a horse or rider being judged shall be cause for disqualification in all classes except for Team Penning.

A horse is considered to have fallen when he is on his side and all four feet are extended in the same direction.

Rider is considered to have fallen when he or she is not astride.

**49.19** No exhibitor may be tied, buckled or fastened in the saddle in any manner or by any means during competition.

**49.20** In all performance classes where each entry performs individually, the order of competition shall be determined by Show Management.

**49.21** Whether or not entries perform individually, all horses entered in a class must be assembled in ample time for judging to start on time and continued without delay. They must remain in readiness until dismissed by the judge. A tardy contestant may be denied access to competition.

**49.22** It is recommended for horses working on the rail that each individual have approximately 4.5 metres (16') between himself/herself and the next horse.

**49.23** The management of any contest shall determine whether or not an elimination is necessary, the number of go rounds to be held and the number of horses to be shown at each performance.

**49.24** If there is an elimination, each horse must be ridden by the same rider who rode it in the elimination.

**49.25** Re-runs will not be allowed in instances of equipment failure. When exhibitor equipment failure causes a delay or a run to be discontinued, the judge will disqualify the entry, except in Working Hunter (refer to Contest Rules and Regulations 460).

**49.26** At all AQHA approved shows on the day of the show there will be no training equipment allowed in the immediate marshalling area and the performance arena from one (1) hour before the nominated commencement time of the show to one (1) hour after the cessation of events on each day.

### JOKE OF THE MONTH.

**Can Cold Water Clean Dishes? - This is for all the germ conscious folks that worry about using cold water to clean.**

Shane went to visit his 90year old grandfather in a very secluded, rural area of Lockyer Valley.

After spending a great evening chatting the night away, Shane's grandfather prepared breakfast of bacon, eggs and toast.

However, Shane noticed a film like substance on his plate, and questioned his grandfather asking, 'Are these plates clean?'

His grandfather replied, 'They're as clean as cold water can get em. Just you go ahead and finish your meal, Sonny!'

For lunch the old man made hamburgers. Again, Shane was concerned about the plates as his appeared to have tiny specks around the edge that looked like dried egg and asked, 'Are you sure these plates are clean?'

Without looking up the old man said, 'I told you before, Sonny, those dishes are as clean as cold water can get them. Now don't you fret, I don't want to hear another word about it!'

Later that afternoon, Shane was on his way to a nearby town and as he was leaving, his grandfather's dog started to growl, and wouldn't let him pass. Shane yelled and said, 'Grandfather, your dog won't let me get to my car.'

Without diverting his attention from the rugby game he was watching on TV, the old man shouted, 'Coldwater, go lay down now, yah hear me!'
